FIREMEN'S DANCE.

Swell Affair to Take Place at Monticello House Tomorrow Night.

Tomorrow evening occurs what will doubtless be the last big social event of the season. The Messenger refers to the firemen's ball that is scheduled to take place at Figi's hall and for which the famous Kneff & Hatch's Harp orchestra, of Janesville, has been engaged to furnish the melody. It will be a red letter event, and no mistake. Even if one is not in the habit of "tripping the light fantastic," etc., it will be well worth one's while to take in the event, if for nothing more than to hear the delightful music that will be in evidence.

Every third number will be a square dance and the price of dance tickets is to be but fifty cents; certainly a "bargain figure," when everything is considered.
